*We dedicate this book to  
our classmates, teachers  
and mentors who are no  
longer with us.*

*Our Soaring Eagles*

(From Blake McGowen, our Class President.  
Written for our 10 year reunion. We miss you Blake.)

*"In Life, we're judged by the past, we enjoy the present, and dream of the future."*

June, 1975, "Atlantic High never trained a quitter or a loser and the Class of '75 does not contain a single one." With those words at our graduation ceremony, we entered "the real world", some to college, some to business , and some to other responsibilities.

July, 1985. Now, ten years later, we return from the "real world" to reminisce and see what's happening in our present lives. We welcome the wives, husbands, children and friends of the Atlantic High Class of '75 for three fun-filled days.

Looking into the future I have a personal wish for everyone. I quote Henry Viscardi, a man who has dedicated his life to helping the handicapped: "I have a wish for you. It is the same wish I have for disabled people. I suppose the conventional thing for me to do would be to wish you and them success and happiness for the rest of your lives. But success and happiness as the world measures it is too easy. I would like to wish you **meaning** for all the remaining years of your life."

For now, let's enjoy our present festivities. Shake a hand, shake a leg, and let the good times roll. This is our 10 year reunion!

Thank you for joining us.

# A message from your Reunion Committee

It has been more than 40 years since we walked the halls of Atlantic High School. Unfortunately those halls no longer exist, except in our memories. The first freshman class to graduate, the Class of 1975, continues to exceed in spirit, cohesiveness and friendships. This weekend is about rekindling those friendships, sharing memories and continuing the spirit that has existed among many of us for more than 50 years.

Long gone are the stereos, 8-tracks and pay phones, replaced by technology we could only dream about in high school. We grew up in a simpler time when the world and our quaint seaside communities moved as slowly as waves on the beach. Now with computers, iPhones, iPads, Androids, Facebook, Twitter, etc. we carry the world in the palm of our hands. In the ten short years since our 30th reunion, the mode of communication has changed completely. One thing that has not changed, however, is the desire to get together and share old stories, laugh and mingle with lifelong friends. And nobody does it better than the Class of 1975!

Your reunion committee has worked extremely hard and very generously to put together a memorable event. Enjoy the weekend!

## **Your Reunion Committee:**

Karen Adams Mathews	Robert Fonner	Colette Northrup Gregory
Anita Brisson Hager	Susan Gwynn Wilder	Judy Seeley Price
Wesley Caldwell	Jody Knight Brawner	Aurora Siegl
Bob D'Angelo	Sheri McCoy Weekes	Greg Weekes
Diana Escamilla Baker	Blayne Mitterbach Thompson	Drew Zuccala

Special thanks go to Robert Fonner for his time and many talents in creating the booklet, ads, memorial board and website, and to Judy Seeley Price for keeping us all together these past 40 years. And very special thanks go to the anonymous donors on your reunion committee, who have given generously for decades.

Dear Classmates:

I thought this would be a special place to express my gratitude for all the support my classmates and friends have given me over the past 5 years. In October of 2010 I was diagnosed with Multiple Myeloma, a terminal bone cancer. Fortunately for me, it was caught early enough for many treatment options, one of which was a stem cell transplant using my own stem cells. I knew then for the next couple years I would have a battle on my hands. I also knew my attitude would have a lot to do with the success of the transplant. I can honestly say, looking back to my high school days of having such a winning attitude for the Class of 75, and the camaraderie of my classmates with support both emotionally and financially, gave me the strength I needed. Coupled with my faith in God I am happy to say I am as close to remission as one can get. From all the doctor visits, chemo, needles, pokes, hook ups and hospital room isolations, etc, the absolute best medicine I received was the ongoing support from family, friends and without hesitation, my classmates. Thank you all from the bottom of my heart,

Larry Cook

The Delray Wreck  
(S.S. Inchulva)

**THE DELRAY WRECK**

The old shipwreck known as the Delray Wreck rests at the bottom of the ocean in 25 feet of water about 150 yards offshore the south end of Delray's municipal beach. The wreck is broken and scattered into five sections and has long been one of the most popular diving spots in South Florida.

The S.S. INCHULVA was grounded and wrecked by a fierce hurricane on September 11, 1903. Under the command of Captain G. W. Davis, the 386 foot steelhulled British steamship was bound for Newport News, Virginia from Galveston, Texas carrying wheat, cotton, lumber and a crew of 28 men.

The storm struck about 5 p.m., tossing the ship and causing the cargo to shift. Steering became impossible, so Captain Davis put out both anchors, but to no avail. The anchors parted and the INCHULVA grounded and was ripped apart. Nine crew members were lost.

Dawn revealed to the battered crew that land and a town were just a short distance away. By noon, all the men except Captain Davis and two mates had landed on shore in a small hastily-built raft. They found hot food and coffee at the Chapman House, a local hotel, where many of Delray's residents had taken shelter during the storm.

The nine seamen who lost their lives were buried on the ridge overlooking the ocean where the ship had gone down. The surviving crew members were treated, paid and sent to New York.

Before leaving for their homes, each crew member signed the great register of the Chapman House. Under their names they wrote, "Shipwrecked in the S. S. INCHULVA, September 11, 1903, landed on a raft September 12th and received every kindness and attention at the hands of Mrs. Chapman."

Captain Davis, his Chief Officer, a 2nd Officer and a seaman from the ship were brought before the Naval Court held at the British Vice Consulate at Jacksonville on September 19th. The Court exonerated the Captain and the crew from all blame.

## CarMax—an inspired idea

CarMax was built on the idea that there had to be a better way to buy a used car. So we set out to change things by making the buying process as easy (and fun!) as possible.

Before anything else though, we laid the foundation upon which our car-selling venture would be built: INTEGRITY.

Only then did we move forward with the business of changing the way America buys cars...

**When we asked customers what they wanted, this is what we heard:**

- A hassle-free experience
- Up front, low prices and no haggling
- A great selection of high-quality cars
- The option to sell us a car outright, without having to buy one from us
- No-pressure customer service... with a smile!

And that's how we've done things, right from the start.
